Idaho Chapter Federal Bar Association Brown BAG CLE: *Inexpensive? Implementing Rule 1 of the Federal Rules*

Rule 1 of the Federal Rules of Civil Procedure requires that cases be resolved in a “just, speedy, and inexpensive” manner. This responsibility was placed not only on the Court but also on the parties in the 2015 Rule changes. This presentation will examine the requirement that we resolve cases inexpensively. Have we achieved that goal? What do clients think? What about the public? What fee arrangements are clients demanding, and what are attorneys providing? What is the impact of high litigation costs? What are some tools for achieving an “inexpensive” resolution of disputes? Judge Winmill and Law Clerk Dave Metcalf will ask these questions of the program audience in an interactive presentation, and provide insights from their experience in Federal Court.
