UNITED STATES BANKRUPTCY COURT
DISTRICT OF IDAHO

In Re: **RESTORATION OF BANKRUPTCY NOTICING CENTER (BNC) SERVICES; TERMINATION OF GENERAL ORDER NO. 483; AND RELATED NOTICE AND SERVICE MATTERS**	**General Order No. 484**

On October 15, 2026, the Court entered General Order No. 483 in response to the nationwide interruption of services provided by the Bankruptcy Noticing Center ("BNC"). General Order No. 483 established temporary procedures for providing notice and service during the interruption. The Court has since been advised that:

- On October 26, 2026, the BNC restored its normal noticing operations and reopened access to the National Creditor Registration Service ("NCRS"), along with the preferred-address functionality associated with § 342(f);[1]
- Notices and orders, other than those identified in General Order 483, generated by the Court on or after October 26, 2026, will be served by the BNC in the normal course;
- The BNC has begun to address the backlog of unserved notices that accumulated between October 7 and October 25, 2026;

[1] Unless otherwise indicated, all statutory citations are to the Bankruptcy Code, Title 11 U.S.C. §§ 101–1532, and all citations to "Rule" are to the Federal Rules of Bankruptcy Procedure.

- Previously unserved notices will be served by the BNC over the remainder of this week, beginning with the oldest notices and working forward; and
- The BNC expects to clear the entire backlog by October 31, 2026.

Because the BNC services have been restored, the temporary substitute-noticing procedures of General Order No. 483 are no longer necessary. The Court nevertheless determines that it is appropriate to preserve the effect of service properly accomplished during the interruption and to address issues arising from delayed notice or service. Accordingly, pursuant to § 105(a); Rule 2002, 9006, and 9038; and other applicable statutes, rules, and law,

IT IS HEREBY ORDERED as follows:

1. **Restoration of BNC Services.** The Clerk is directed to resume transmitting notices and orders to the BNC for processing in the ordinary course, with the BNC utilizing the NCRS and applicable preferred-address procedures under § 342(f) in accordance with applicable law.
2. **Termination of Temporary Procedures.** Effective October 28, 2026, at 11:00 a.m. (MST), General Order No. 483 is terminated, and debtors, trustees, and the United States Trustee are relieved of the additional noticing obligations imposed by General Order No. 483. Nothing in this paragraph alters any service obligation independently imposed by statute, rule, local rule, or an order entered in an individual case.
3. **Notices Generated During the Interruption.** Notices and orders generated during the interruption that were not served will be served by the BNC as it clears

the backlog. Submission of a notice or order to the BNC for processing, in and of itself and without completed service, does not constitute proof of service. Performance of the actual service and the corresponding certificate will govern. In other words, the date of service stated in the BNC certificate of notice, not the date on which the certificate is docketed, is the date of the BNC service.

4. **Service Previously Completed.** Service properly effected by a debtor, trustee, the Clerk, or other party during the interruption remains effective to the extent permitted by applicable law. Later service by the BNC of a document already properly served does not start or restart any period.
5. **Bankruptcy Rules Emergency Declaration.** Before the BNC services were restored, on October 22, 2026, the Judicial Conference of the United States declared a "Bankruptcy Rules Emergency" under Rule 9038. While the declaration is in effect, Rule 9038(c) authorizes the chief bankruptcy judge to extend or toll certain deadlines for all cases in the district, and a presiding judge to do so in a specific case, except time periods imposed by statute. The declaration remains in effect through January 7, 2027, unless the Director of the Administrative Office of the United States Courts terminates it earlier. Notwithstanding the emergency declaration, the Court declines to grant a blanket extension of time or to toll any applicable time periods or deadlines across all cases.
6. **Deadlines, Hearings, and Requests for Relief.** The Court will assess the need for relief from any deadline affected by the BNC service interruption on a case-by-

case basis. Any party affected during the interruption by notice that was delayed, insufficient, or never given may seek appropriate relief by filing a motion in the affected case or proceeding. Except as provided in paragraph 7, this Order does not, by itself, extend, shorten, restart, or otherwise alter any statutory or rule-based deadline or any scheduled hearing.

7. **Shortening Time for Notice of the Meeting of Creditors in Specific Cases.** The BNC anticipates processing the notices that accumulated between October 20 and October 22, 2026, no later than October 31, 2026. Each case listed below was filed between October 20 and October 22, 2026, and the meeting of creditors under § 341(a) is set for November 19, 2026. Rule 2002(a)(1) requires at least 21 days' notice of the meeting of creditors, but the BNC processing schedule may not provide the required notice. In light of the Bankruptcy Rules Emergency, and for cause pursuant to Rule 9006(c)(1), the Court hereby shortens the 21-day notice period set forth in Rule 2002(a)(1) in order for the § 341(a) meetings to occur on November 19, 2026, in the following cases:

- 26-00906-BRW, Gabriel Paul Visaya
